HOW TO **BE HAPPY**
IS IT IN YOUR GENES?

HERE COMES THE RAIN
I hate to be the harbinger of bad news, but the rain is
it's a-comin'. So rather than ruin a few good pairs of
shoes, I'm getting a head start with new gumboots.
• **ILSE JACOBSEN** (\$170): It's official: Dr. Martens
are, yes, sorta back in style, and these lace-up
inspired-bys are the best way to ease into the trend.
